REASONS FOR ALLOWANCE

1. Claims 25-44 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The terminal disclaimer filed on 8/22/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Pat. No. 6,767,117 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claims 25 and 33, an electrical lighting fixture comprises, in combination as claimed, a hanging rod attached at an upper end to a distal end of an upper support arm and attached at a lower end to a lamp housing.

Claims 26-32 and 41 are dependent on claim 25.

Claims 34-40 and 42 are dependent on claim 33.

Claims 43 and 44, a lighting fixture comprises, in combination as claimed, a lamp housing connected to a distal end of an upper support at a plurality of locations.

L.F. Betts [US 0,257,842] and Sandell et al. [US 6,348,691] disclose a lighting fixture having an upper support arm and a rear support arm. However, none of them discloses or suggests the hanging rod or the lamp housing connecting at a distal end of the upper support at a plurality of locations as discussed above.

The limitations discussed above are neither disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
